

Parking & Arriving at The Horsforth Centre for Psychotherapy

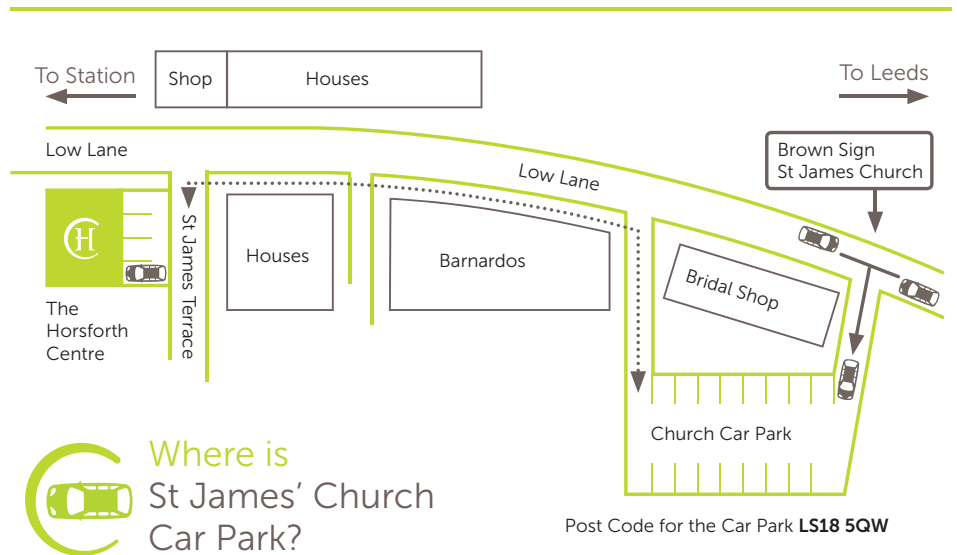

Respecting our neighbours

Where's a good place to park?

1. The Horsforth Centre for Psychotherapy offers at least four spaces outside on our own car park. Please do use these spaces on a first come, first served basis.
2. Street Parking on Low Lane (Main Road). There are many car parking spaces on Low Lane itself, just a few minutes' walk from the centre - for example outside the big car dealership.
3. We have an arrangement with St James Church, Woodside. Park in their car park and you can walk through the snicket to the main road - see the map opposite and their post code.

Please do not park

1. In St James Terrace (our street) especially in the evening and weekends when our neighbours need to park their cars.
2. Outside "Low Lane News" - the newsagent shop opposite - as he loses trade when his customers can't stop outside.

Where is St James' Church Car Park?
